

**Proposed Program Title: Audio Production for Digital Media
(Pending approval for Fall, 2009)**

The purpose of the Audio Production for Digital Media program is to provide students with an overview of music theory, audio recording, digital and analog audio technology, and audio applications for multimedia, video game, and Internet delivery. The program is intended to prepare students for entry-level jobs as technicians in the field of audio production.

In the “Key” column, P = Prerequisite, R = “Core” requirement, RE = Required Elective Group.

Key	Course and Title	Units
R	CIS 75.1: Introduction to Digital Media	3.0
